Dear Brynn:

The Washington State Society for Healthcare Engineering (WSSHE) would like to say thank you for all your help with our recent 2009 Annual Conference. The Yakima Valley Visitors and Convention Bureau really made planning our Conference easy, due to your relationships with hotels and the Convention Center.

The coordination by you and your team of professionals with all the different entities involved with the conference really made the difference.

WSSHE will be recommending the Yakima Valley Visitors and Convention Bureau to other meeting planners holding future conferences in the Yakima Valley.

Sincerely,

Brad Jones
2009 WSSHE President
